

Yates'

CURRENT PRICE LIST

FOR GRAZIERS, FARMERS & MARKET GROWERS

IMPORTANT NOTICE—PLEASE READ

All lines for spring sowing are in great request, and this latest Current Price List issued by Yates covers a full range in seed for the Market Garden and the Farm. Evidence shows that in many country centres summer feed is likely to be short, and farmers will be putting in Fodder Crops. We draw special attention in this respect to our Sudan Grass Seed quoted in Section 13; Japanese Millet in Section 14; Sorghums in Section 15; and Seed Maizes in Section 16.

Market Gardeners should bear in mind that our sample of Canadian Wonder Beans is a very high-grade one, seed being carefully selected from the best Southern districts and grown by experienced men. These and many other varieties of Beans are quoted in Section 21. Garden Peas (see Section 22) are still being sown in many districts, and for those requiring an especially early maturing sort, we have pleasure in drawing attention to new supplies of Yates' Earlicrop Peas. These are available for immediate delivery, and this very early, heavy yielding Pea is greatly in favour at the present time. Section 24 contains a thoroughly up-to-date list of seasonable Vegetable Seeds, including Water Melons, Rock Melons, Pumpkins, Marrows, Squashes, Cucumbers, and all other lines for present planting.

We draw attention to Section 16—Seed Maizes—where we have included our new novelty, Yates' Mammoth White Ensilage. This Maize is our own introduction, and an extremely tall grower and heavy producer. We have seen nothing grow to a greater size or yield a heavier weight of succulent green fodder per acre.

We are at your service for any information required about the lines we handle, and welcome correspondence.

Whether printed in our Price List, or quoted by letter, prices are strictly subject to prior sale and prompt reply.

CONDITIONS OF SALE AND NON-WARRANTY

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. LTD.

PRICES.—All quotations (by letter or printed list) are subject to being unsold and to **prompt reply**, otherwise to market fluctuation. These Current Price Lists are issued at short intervals throughout the year, therefore if not ordering at once please write for the current issue when again on the market.

TERMS.—Our terms are strictly prompt nett cash, and orders should be accompanied by remittance for the approximate amount of the order (including freight if the goods are required by coastal steamer or passenger train, or if to be consigned to unattended platforms). When buyers have established an approved account with us, or if satisfactory Sydney business references are given, we will charge to customer's account on the understanding that customers remit promptly on receipt of invoice. When remitting, please add exchange to country cheques.

FORWARDING.—Orders sent by goods train are consigned carriage forward (except to unattended platforms) unless we are otherwise instructed at time of order. We deliver seeds on rail or wharf, Sydney, after which goods are on customer's account, and at his risk.

SUBSTITUTING.—On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "Do not substitute."

Customers desiring Bulk Vegetable Seeds to be sent by other than cheapest method should allow sufficient to cover any extra charges entailed. All bags free.

PRICES.—The prices quoted are those ruling at this date, and while we will adhere to them as long as possible they are subject to change without notice. Reduced rates for large quantities, where available, are shown, and the rate for the largest quantity priced in this list will be charged for any greater quantity. $\frac{1}{2}$ -lb. supplied at lb. rates and $\frac{1}{2}$ -oz. at oz. rates subject to the minimum of 1/3 per item (or 1/- where that rate is quoted herein) mentioned below.

DESCRIPTIONS.—See Yates' Annual, sent free on request. We also publish various free booklets and leaflets on the cultivation of some of the more important kinds.
